

YHS CHORUS WEBSITE

<http://yhschorus.org>

York High School Choral Department has a website. Communication is the key to a successful department and program. YHS Choral Boosters and I often send information of when your students are performing, local events that are going on involving your students, or other pertinent information. Many parents and students don't have an e-mail address. The Boosters would like to give you one for the school year and summer for communications. This address can also be used if your current address gets a lot of spam. The website also will publish pictures from events happening in the chorus department. If you are interested in an email address, please send this piece of paper back with your booster membership application and dues.

Parent: Are you interested in having an email address YES NO

Parent Name: _____

Student: Are you interested in having an email address YES NO

Student Name: _____

*Parent Requested email address: _____@yhschorus.org
